Dear Sir/Madam,

Re: Letter of Recommendation for Sakura Home Services Company Limited

I am writing to recommend Sakura Home Services Company Limited which has provided cleansing services for our company since May 2021. During this period, their professional cleaning team has performed efficiently and effectively.

The cleansing workers of Sakura Home Services can maintain the tidiness and cleanliness of the whole workplace without influencing our staff. They are punctual and self-disciplined. Even if accidents occur, they can react immediately and tackle the issue in an experienced way. It approves that the cleaning team has high-performance reliability and operational efficiency.

Sakura Home Services has helped our company throughout the years. Based on our experience, I have no reservations in recommending them.

Please don't hesitate to contact me if you have any further queries. Thank you.

Best regards,

Wai Yui
